Antony

"Amazing airborne adventure in Africa! We booked a flight to the Tankwa national park for my wife's birthday, staying up at the Tankwa Tented Camp. It was a jaw dropping 24 hour adventure (and my wife's first ever small plane flight). Pilot Mike has the perfect mix of professionalism and humour, ensuring that you feel in the safest pair of hands whilst chuckling away at his jokes. The views from the skies above were fantastic, passing a number of mountain ranges. Landing in Tankwa felt like we'd actually arrived on a different planet, and the experience that Mike put together for us will last forever in our minds. Life should be filled with adventures like these every so often! Loved every second of it!"

"Thank you to Mike and Nicola for an outstanding adventure with Africa Sky Runners. Flying over Africa, game viewing from the skies and landing in more remote yet stunning areas of Namibia, Zimbabwe and Botswana was one of the most amazing experiences of our lives. We traveled as a family of four but with the warmth and fun of joining the team we felt our family had grown somewhat! We highly recommend Africa Sky Runners for a truly authentic and outstanding African adventure of a lifetime."
